Quartz

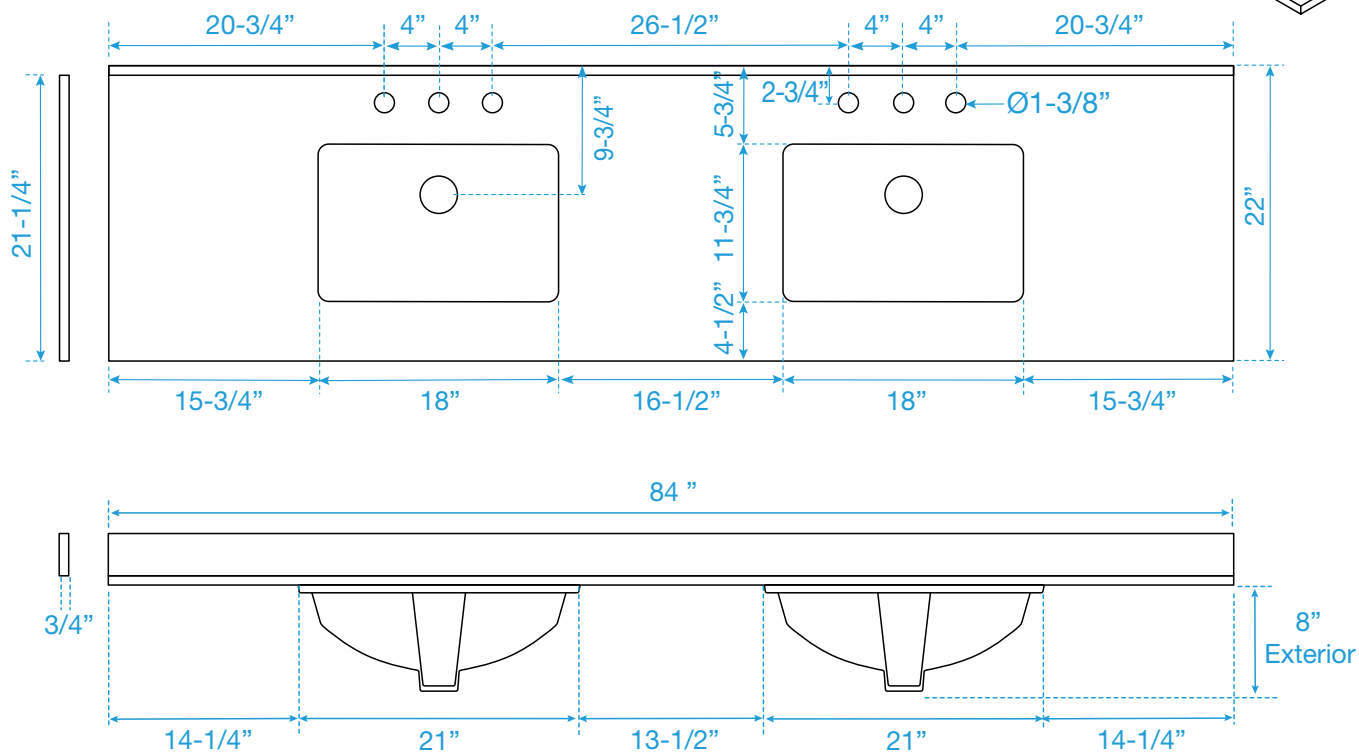

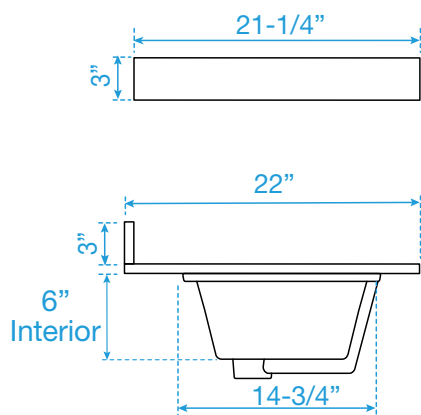

Technical drawing of a 3-door cabinet. The overall width is 83-1/4". The overall height is 21-3/4". The top panel is divided into five sections: 11-1/4" (left), 23" (middle-left), 10-1/2" (middle-right), 23" (middle-right), and 11-1/4" (right). The cabinet has three doors. The left and right doors are 16-1/2" high. The middle door is 15-1/2" high. The middle door has a shelf inside, which is 9-1/2" high. The cabinet has a base and a top panel.

*Note: All measurements are $\pm 1/4"$.

A technical line drawing of a rectangular sink unit, viewed from an isometric perspective. The unit features two rectangular basins, one on the left and one on the right, each with a central drain. Between the basins is a central control panel containing three circular buttons. The entire unit is enclosed in a rectangular frame with a raised rim on the left and back sides.
